Please state when was the structure last inspected
by a chartered professional engineer:

1(b) Structure Details

The structure is:

Boatshed

Length metres **x** Width metres

Area square metres (calculate field length x wide)

Landing

Length metres **x** Width metres

Area square metres (calculate field length x wide)

Deck

Length metres **x** Width metres

Area square metres (calculate field length x wide)

Jetty

Length metres **x** Width metres

Area square metres (calculate field length x wide)

Linkspan/Gangway

Length metres **x** Width metres

Area square metres (calculate field length x wide)

Pontoon

Length metres **x** Width metres

Area square metres (calculate field length x wide)

Boatlift

Davit

Mooring Piles

Total number

Slipway

Length metres x Width metres

Area square metres (calculate field length x wide)

Ramp

Length metres x Width metres

Area square metres (calculate field length x wide)

Steps

Retaining Wall

Height metres

Length metres

Groyne/Breakwater

Length metres

Barge Site

Total Area square metres

Other (please specify)

Length metres

Total Area square metres

1(c) Structure Drawings and Site Plan

Please include a site plan and the engineering drawings, which includes the dimensions of the structures on the plans with the application.
