Identify - Making a difference to our community

Kai mātou whākamahi wai Use precious water wisely

Reflect

Think globally...

Act locally...

Making a difference in
Blenheim by supporting other
schools to:

Lead the community

Explore

80% of Earth's surface is water

97% of Earth's water is seawater

*¾ of Earth's freshwater is locked in ice
caps and glaciers*

1% of Earth's water is suitable for drinking

We want our water habitats to
flourish by alerting our community to
the importance of our water systems

Fish on Drains

Taking Action!
