26. Is an approved back flow prevention device installed on your site?

Yes  No

If yes, please give details of type. \_\_\_\_\_

**Application for Consent to Discharge Tradewaste - Conditional (Dentists)**

Note: *The testing of automatic backflow protection devices is mandatory to comply with the Building Act 1991.*

**Backflow Prevention**

*Note: Backflow/Back-siphonage occurs when pressure drops or increases in a water supply system and allows water to flow backwards into the water supply. If there is a risk of contamination, an approved backflow prevention device is required to be fitted to ensure that all end users are protected against contaminated water. Should any contamination of the supply occur from activities within your site, your business may be liable for any cost involved to remedy the situation.*

27. I declare that the foregoing information is correct to the best of my knowledge.

\_\_\_\_\_ Date: \_\_\_\_\_
