Hi Karen

This looks fine thanks. In reading the draft document, I have focused on the protocols regarding appointments and resignations, holding of meetings, provision of information and technical advice, administrative support and other procedures (condition 73 Waitata and Richmond and 72 Ngamahau). I haven't checked reference to all the consent conditions in the document.

There was only one typo - in the footnotes, point 2 conditions 98-74 for the Richmond farm should be 68-74.

Once this has been corrected, please remove the draft watermark, and incorporate it within the PDF you originally sent through on 1 May.

Any questions, please give me a call

Cheers

Steve
