Dear Mark

Compliance with Consents U140294 and U140295: Condition #30b and U140296: Condition #28b

Thank you for your letter dated 8 December 2014 in relation to NZ King Salmon's consent to farm salmon at Waitata, Richmond and Ngamahau.

The information you have provided consists of advice that an education strategy be prepared and implemented, in conjunction with the Harbourmaster, to alert and inform Marlborough boat users of the new farms.

The attachment is an excerpt from the MDC Boat Safety & Tides booklet. Although the information presented is sparse in terms of a strategy, the Harbourmaster has advised that he considers this meets the spirit of the consent condition. However, it may be an idea for NZKS to consider supplementing this with other means of educating boaties, such as specific information on NZKS's website and flyers or presentations to boating clubs in the district.

Council confirms that the information provided complies with the specific condition of the three consents.

Yours sincerely

STEVE URLICH
ENVIRONMENTAL SCIENTIST (COASTAL)
