Hi Reuben

The report attached pertains to the period prior – we've completed and reported on another set of monitoring since then. I'll try and give you a call to discuss.

Hi Mark,
MDC did not calculate the nitrogen discharge. This was calculated in by Cawthron and reported in the annual report. I have attached the report for your information. The Nitrogen to feed discharge information is on page 14, section 1.1.

Regards,

Reuben Fergusson

Hi Reuben

I have received the annual monitoring reports (attached) from MDC. With reference to condition 34 in the attached, can MDC please confirm how they calculated the nitrogen discharge?

If it's easier to do by phone – please call me on the below.

Thanks

From
Mark
