

## Resource Consent Application Comments

---

### ***Proposal***

**Applicant:** The New Zealand King Salmon Company Limited

**Proposal:** To install new salmon farms within a 1791 hectare site located between 5 kilometres and 12 kilometres due north of Cape Lambert.

**Questions/Issues:** I attach the final version of the Navigational Risk Assessment provided by the applicant in support of the proposal.

The application is yet to be publicly notified and a hearing is yet to be scheduled.

Do you need any further information to inform your evaluation of the proposal?

Do you have any navigational or related concerns arising from the proposal?

**Date response required:** 31 October 2019

***TRIM Record No. U190438 – not all documentation attached***

***Locality*** North of Cape Lambert, North Marlborough

### ***Site Visit***

### ***Assessment***

A desktop navigation safety assessment was carried out for this application in which the following points were considered.

(Structure)

Proximity to nearby moorings, structures or the shore

The location of the structure with regard to water depth and known hazards

The expected weather conditions in the area

Potential impacts on safe access to the shore, moorings or other structures

Potential impacts on known navigation routes

The physical characteristics of the structure

Any historical navigation safety issues relating to the structure

Any expected navigation safety issues relating to the structure

The Harbour Master's Incident Register.

### ***Conclusion***

### ***Recommendations***
