Subject: RE: U190438 - Final landscape report

Hi Amanda,

Thank you for providing the final version of the navigation report and landscape and natural character report. I have updated Council's records accordingly.

Due to the scale and complexity of the technical information provided, Council has under section 37 of the RMA added 20 working days to the applicable time period for publicly notifying the application.

I acknowledge your suggestion concerning the sending of the s92 questions in two parts. However, given the scale and complexity of the technical information provided I anticipate that more than just two s92 requests will be needed. I will endeavour to send you the first such request this Friday 23 August, and any subsequent requests on a topic by topic basis as they arise.

Regards,

Peter Johnson
Senior Resource Management Officer
Marlborough District Council

Subject: U190438 - Final landscape report

Hi Peter

Please find **attached** the final version of the open ocean landscape and natural character report, and an amended AEE to account for one error in the original on page 35.

Regards
Amanda
