**Subject:** Extension of submission period for U190438  
**Attachments:** NTCC\_NZ King Salmon.pdf

Good morning Ali,

Thank you for your email requesting an extension for Nelson Tasman Chamber of Commerce for Publicly Notified Resource Consent U190438. Council is bound by section 37A(1)(a) to avoid unduly lengthening or increasing the cost of a consent process for the applicant while at the same time enabling potential submitters to make an informed and thorough submission. The extension you have requested due to other work commitments is of short duration, is unlikely to delay the process and enables you to make an informed and thorough submission. Therefore Council considers the extension acceptable and will extend the submission period until Friday 20<sup>th</sup> December 2019.

Regards

**Anna Eatherley** B.T.P., M.Phil. (Hons), M.N.Z.P.I.

**Cc:** Neil Henry-7557  
**Subject:** NS King Salmon

Dear All,

Following communication with Neil Henry, I would like to formally seek permission to make a late submission from the Nelson Tasman Chamber of Commerce on the NZ King Salmon application.

I can only apologise that this did not reach you by the consultation deadline, as I hope you appreciate we are a small organisation and it has been a particularly busy time over the last month. Having said that, we believe this to be a very important application for reasons stated in the submission and would like to lend our support.

Thank you for your consideration of this request.

Ngā mihi  
Ali
