Hi Mark,

Thank you for the Biosecurity Plan. I have forwarded it to the Biosecurity Manager at Council if he has any issues will let you know.

Kind regards,
Abi

Hi Abi

I've converted our reviewed management plan to a pdf – please see the attached. Sorry, a bit slow on this, catching up after Christmas!! Any queries please let me know.

Thanks

From
Mark

Subject: NZKS Biosecurity Plan review

Hi Mark,

Condition 53 of the Kopaua (U140295), Waitata (U140294) and Ngamahau (U140296) sites requires that the Biosecurity Management Plan is reviewed annually. The last update to the plan Council has on file is from November 2017. Is there an update for 2018?

For your reference condition 53 states:

The Biosecurity Management Plan shall be reviewed, to ensure best practice, by a person or persons appropriately qualified in marine biosecurity and aquatic animal diseases, and provided to the Council prior to the initial placement of the first structure(s) at the marine farm. The Plan shall be reviewed at least annually by the consent holder to ensure that the management practices specified in the Plan are consistent with conditions 51 and 52. Any revisions to the Plan shall be provided to the Council within one month following completion of the revisions.

Any questions please do not hesitate to contact me.

Kind regards,
Abi
