Subject: Alleged Conflict of interest - NZKS - Cape Lambert application

Morning Sue

Thanks for taking my call today.

I was pleased to hear your advice that MDC will be following the same process as it did when NZKS raised an alleged perceived conflict of the selected Commissioner in the recent NZKS Waitata farm variation application.

Namely the Commissioner will be given the opportunity to respond and the correspondence posted on the website and, this time, I understand sent to submitters as well.

It is most important to the Association that these serious allegations be handled in a consistent and transparent fashion.

Regards
Andrew

Andrew Caddie
