

Collection and repurposing of unwanted goods project

How does it work?

1. Gather up the items you want to give.
2. Register online. Only households registered via the Council website can take part.
3. Someone will call you to arrange a pick-up or delivery time. If you need help to move items let us know when we call you.
4. On your collection day display the sign on you letterbox to help the delivery staff find you.
5. Move the items to a place where they can be easily collected by the staff.
6. Please only give items you would be happy to receive yourself.
7. Minor damage to household items can be repaired.
8. Do not put out dangerous goods such as faulty electrical equipment.
9. We definitely do not want rubbish.
10. The collection staff will not take away items that are broken, soiled, or beyond repair. Delivery staff will have the final say on the day.
11. It is your responsibility to deal with any items that do not get collected.
12. Everyone in Blenheim can use the service but priority will be given to households that do not have access to transport or, who have an immediate need for household goods.
