Notes For Applicants

Objective of the Policy

To provide a positive development incentive to commercial subdividers by remitting general-type uniform charges on unsold subdivided land without an occupied dwelling or commercial building, for a maximum period of three years.

Conditions and Criteria

To qualify for remission under this part of the Policy, the rating unit must remain in the subdivider's name.

Remission will not apply to water, sewerage or other targeted rates calculated as a fixed amount per rating unit.

Remission will cease on those rating units which are sold. Remission will also cease on rating units which remain unsold after three years of the lots being created.

The ratepayer will remain liable for at least one uniform annual general-type charge and one set of each type of targeted rate calculated as a fixed amount per rating unit.

Application

Council or its delegated officer(s) shall determine whether the criteria are met.
