

How to read the data

Please Note: Three new properties (16, 17, 18) have been added to the trial with data from 22 February.

Weekly Consumption

Note: The above graph illustrates the water consumption in litres per week for each household with one or two people. The *trial property reference* number for each group refers to the consumption for a specific property, and is used for owners to identify their individual consumption over a seven day period.

When calculating your possible charges, 1000L (Litres) = 1m³ (cubic metre).

Please Note: Three new properties (16, 17, 18) have been added to the trial with data from 22 February.
