To Whom It May Concern

## **Compliance with the Drinking Water Standards for New Zealand 2021-2022**

During the 12 months ending 30 June 2022 the **Blenheim** water supply was compliant with the Drinking Water Standards for New Zealand against Bacteria and Protozoa.

The Ministry of Health no longer publishes an Annual Report of Drinking Water Quality. They ceased doing so in June 2021.

The new drinking water compliance regulator is Taumata Arowai. It is anticipated they will commence reporting on water supply compliance from 1 January 2023.

In the interim, Council has engaged an independent expert to review and verify Council's compliance results. His report can be provided on request.

I trust this information is to your satisfaction.

Yours sincerely

STEPHEN ROONEY
