Dear Submitter

Proposed Marlborough Environment Plan Hearing Notice - Block 13, Woodlot Forestry - Supplementary

The hearing for the Proposed Marlborough Environment Plan (PMEP) recommences on 29 April 2019 with Block 13, Topic 22: Woodlot Forestry – Supplementary.

The topic of Woodlot Forestry was heard prior to the Council completing an alignment of the PMEP with the National Environmental Standard for Plantation Forestry (NESPF). The NESPF alignment process does not affect or apply to the Woodlot Forestry provisions of the PMEP. However, many of the rules/standards for woodlot forestry are the same as those that apply to commercial forestry. At the Woodlot Forestry hearing, the Section 42A report writer signalled the potential need to revisit the topic to consider consistency between these provisions post alignment. The Panel considers this to be warranted and wishes to recommence the hearing of the woodlot topic.

A supplementary Section 42A Report has been prepared. It is confined in scope to issues of consistency with commercial forestry provisions post NESPF alignment.

Note: The hearing on these topics is limited to content covered by the submission points listed in the hearing notice. If you need clarification on which of your submission points this relates to, please contact us.

You can check submission points and further submissions using the online submissions tool available on Council's website.

Venue

The hearing will be held in the Council Chambers, Marlborough District Council Administration Offices, Seymour Square, Blenheim.
