

## **Proposed Marlborough Environment Plan**

### **Minute of the Hearing Panel**

#### **Minute 34**

1. By memorandum of Counsel dated 24 April, 2018, Dominion Salt Limited provided two pages of an Appendix 3 showing map delineations on aerial photographs of locations for which it sought Administration and Processing Area status in the proposed Marlborough Environment Plan.
2. Unfortunately those delineations appear to have been very approximately drawn by hand only.
3. If the request is to be pursued, the maps for which relief is sought need to be of a GIS mapping standard for accuracy so as to enable closer scrutiny during the Panel's deliberations.
4. The Panel requests that standard of accurate mapping be provided by 31 October, 2018.

Dated 19 September 2018
