

Proposed Marlborough Environment Plan

Minute of the Hearing Panel

Minute 3AB

On 12 December 2017, the Proposed Marlborough Environment Plan Hearing Panel (the Panel) received a request from the Kenepuru and Central Sounds Residents Association (KCSRA) for additional time to present during the hearing for Topic 5: Natural Character and Landscape.

KCSRA sought two hours to present to the Panel as they would be providing expert planning and landscape evidence.

The Panel reiterated their earlier minutes which stated that all evidence would be taken as read. Therefore the Panel considered 20 minutes for each presenter would be sufficient to address the relevant matters.

The Panel granted an extension, providing 60 minutes for KCSRA to present at the hearing for Natural Character and Landscape. It was also noted that this did not include time set aside for questions from the Panel.
