

Proposed Marlborough Environment Plan

Minute of the Hearing Panel

Minute 3AX

On 10 May 2018, the Proposed Marlborough Environment Plan Hearing Panel (the Panel) received a request from the Transpower New Zealand Limited (Transpower) to be heard out of sequence.

Transpower requested to be heard on all three Block 6 topics at one appearance in order to minimise travel requirements. Transpower further noted the submissions they made on the Natural Hazard topics were limited.

The Panel considered the content of Transpower's submissions on Topic 9: Natural Hazards, Topic 15: Transportation and Signage and Topic 20: Designations and Utilities and agreed no issue would arise from these topics being presented at one appearance. The Panel granted the request to be heard on all three topics during the first week of the Block 6 hearing on Topic 15: Transportation and Signage and Topic 20: Designations and Utilities

Dated 11 May 2018

A handwritten signature in black ink, appearing to read 'T Hook', with a period at the end. The signature is written in a cursive, slightly slanted style.

Councillor Trevor Hook

Chair of the MEP Hearing Panel
