

Proposed Marlborough Environment Plan

Minute of the Hearing Panel

Minute 3K

On 13 November 2017, the Proposed Marlborough Environment Plan Hearing Panel (the Panel) received a request from NZ Heavy Haulage Association Incorporated (the Association) to be heard out of sequence, specifically to be heard on the entirety of their submission at one appearance.

The Association explained that the submission points they wished to address at the hearing were minimal in terms of scope and could be dealt with at the hearing of Topic 10: Urban Environments.

The Panel concurred with the Association's stance that presenting all their submissions at one topic would be beneficial to the submitter and the Panel. The Panel granted the request for the Association to be heard on their submission, in its entirety, at the hearing of Topic 10: Urban Environments.
