

Proposed Marlborough Environment Plan

Minute of the Hearing Panel

Minute 3W

On 8 December 2017, the Proposed Marlborough Environment Plan Hearing Panel (the Panel) received a request from the Ministry for Primary Industries (MPI) for an extension of time to present at the hearing on Indigenous Biodiversity. MPI sought a one hour time slot for the topic which would be inclusive of question time from the Panel.

MPI made the request on the basis that they had matters of common interest with the Department of Conservation.

As the Panel pre-read all evidence and submissions prior to the hearing, they considered the request for an extension to an hour to be excessive. Due to this reason, the Panel granted an extension to 30 minutes. Panel questions would be over and above this time.
