

Proposed Marlborough Environment Plan

Minute of the Hearing Panel

Minute 3BD

On 19 September 2018, the Proposed Marlborough Environment Plan Hearing Panel (the Panel) received a request from the Department of Conservation (DoC) seeking extra time to present at the hearing of Topic 13: Resource Quality – Water.

Counsel, on behalf of DoC, made the request for extra time on the basis that there would be both legal submissions and evidence presented on the day.

In its consideration, the Panel noted that DoC had a large number of matters to cover for this topic and therefore the request was suitable given the circumstances. The request was granted for two time slots, totalling 40 minutes (not including questions from the Panel), during the Block 9 hearing.
