Volume 2: Appendix A Register of Significant Heritage Resources

Planning Map Notation/Heritage Tree #: 102G, 102K, 102L associated with **Morrington Reserve**

**I support (in part)** this part of the Plan Change.

My reasons for supporting (in part) this part of the plan change are:

1. The heritage trees proposed for protection meet the criteria for selection as heritage trees, as provided in Volume 1 of the Wairau/Awatere Resource Management Plan;
2. However, due to errors that occurred in the GPS recording of tree numbers 102G, 102K, 102L, these trees are incorrectly depicted on the associated Planning Maps (Map Page 165, 166), and therefore their location requires amendment.

**The decision I seek from Council is:**

1. To amend the associated Planning Maps to show the correct location of the heritage trees on site (as identified on the attached map).

Volume 2: Appendix A Register of Significant Heritage Resources

Planning Map Notation/Heritage Tree #: 145 and 146 associated with **40 and 42 Lakings Road**

**I support (in part)** this part of the Plan Change.

My reasons for supporting (in part) this part of the plan change are:

1. The heritage trees proposed for protection meet the criteria for selection as heritage trees, as provided in Volume 1 of the Wairau/Awatere Resource Management Plan;
2. However, due to an error that occurred in the GPS mapping of tree number 146, this tree is incorrectly depicted on the associated Planning Map (Map Page 160), and therefore its location requires amendment.
3. The Heritage Tree Register text inaccurately states that tree number 145 is located at 40 Lakings Road, however it is actually located on the road reserve adjoining 42 Lakings Road.
4. The Heritage Tree Register text is unclear, as it does not state that tree number 146 is located on the Council Road Reserve.

**The decision I seek from Council is:**

1. To amend the associated Planning Maps to show the correct location of heritage trees number 146 (as identified on the attached map).
2. To amend the heritage tree schedule text associated with heritage tree numbers 145 and 146, to state that these tree are located on the road reserve respectively adjoining 42 and 40 Lakings Road, as identified in the text below:
