

During November the Motuweka Pathway team has:

- Completed the boardwalk between the cemetery causeway and Brownlee Close, except for handrails
- Prepared the posts and bearers for the bridge beams across the main tidal creek below the cemetery
- Started work on the boardwalk construction between Wilson Street and Mahakipawa Road

Next Steps

The bridge off the cemetery causeway will be completed next week, except for handrails. The focus over the next month will be the construction of the boardwalk below Wilson Street
