To Whom It May Concern

Compliance with the Drinking Water Standards for New Zealand 2022-2023

During the 12 months ending 30 June 2023 the **Picton** water supply was fully compliant with the Drinking Water Standards for New Zealand.

The Ministry of Health no longer publishes an Annual Report of Drinking Water Quality. They ceased doing so in June 2021.

The new drinking water compliance regulator is Taumata Arowai. It is anticipated they will report on water supply compliance for the period 1 January to 31 December 2023. The report will be available early next year.

In the interim, Council has engaged an independent expert to review and verify Council's compliance results. His report can be provided on request.

I trust this information is to your satisfaction.

Yours sincerely

STEPHEN ROONEY
