Name of Person who wishes to be Party

- 1 The New Zealand King Salmon Co. Limited (“NZ King Salmon”) wishes to be a party to the following proceedings: ENV-2020-CHC-42, an appeal by Minister of Conservation against parts of the Marlborough District Council's decision on the proposed Marlborough Environment Plan.
- 2 NZ King Salmon has an interest in the proceedings that is greater than the interest that the general public has (as a salmon farmer in the region). NZ King Salmon made a submission and further submissions about the subject matter of the proceedings.

Trade competition

- 3 NZ King Salmon is not a trade competitor for the purposes of section 308C or 308CA of the Resource Management Act 1991 (“the Act”).

The Proceedings

- 4 NZ King Salmon is interested in parts of the proceedings.
- 5 The parts of the proceedings that NZ King Salmon is interested in are:¹
 - (a) Policy 8.1.1;
 - (b) Policy 8.3.6;
 - (c) Appendix 2;
 - (d) Appendix 3 as it relates to the coastal marine area;
 - (e) Ecologically Significant Marine Sites Overlay maps in Volume 4; and
 - (f) Coastal Natural Character overlay maps in Volume 4.

Relief sought

- 6 NZ King Salmon:

¹ Provision numbers correspond to those in the Decisions Version of the proposed Plan.

- (a) Supports in part the relief sought in respect of Policy 8.1.1 (so far as that relates to amendments to Appendix 3 in respect of the coastal marine area), Appendix 3 (as relevant to the coastal marine area) and the Ecologically Significant Marine Sites overlays. However, the Ecological Significance Criteria for the coastal marine area in Appendix 3 should be based off the 2015 amendments to that criteria by the Expert Panel, which includes representatives from the Department of Conservation.²
- (b) Supports the relief sought regarding Appendix 2 and the Coastal Natural Character Overlay maps as they relate to area B3.
- (c) Opposes the relief sought in respect of all other identified provisions and issues, because it is inconsistent with the Act, the New Zealand Coastal Policy Statement 2010 (“NZCPS”), and regional coastal plans in other regions. Further, the relief sought is inconsistent with the requirement to plan strategically in NZCPS policy 7, and with the requirement to provide for aquaculture in appropriate places in terms of NZCPS policy 8. Where relevant, the relief sought by the NZ King Salmon in appeal ENV-2020-CHC-51 should be preferred.

Dispute resolution

7 NZ King Salmon agrees to participate in mediation or other alternative dispute resolution of the proceedings.
