Name of Person who wishes to be Party

- 1 Clearwater Mussels Limited (“Clearwater”) and Talley’s Group Limited (“Talley’s”) wish to be parties to the following proceedings: ENV-2020-CHC-78, an appeal by East Bay Conservation Society Incorporated (“EBCS”) against parts of the Marlborough District Council's decision on the proposed Marlborough Environment Plan (“proposed Plan”).
- 2 Clearwater and Talley’s are persons who have an interest in the proceedings that is greater than the interest that the general public has (as marine farmers in the region). Clearwater and Talley’s are persons who made a submission about the subject matter of the proceedings.

Trade competition

- 3 Neither Clearwater nor Talley’s are a trade competitor for the purposes of section 308C or 308CA of the Resource Management Act 1991 (“the Act”).

The Proceedings

- 4 Clearwater and Talley’s are interested in the parts of the proceedings.
- 5 The parts of the proceedings that Clearwater and Talley’s are interested in are:¹
 - (a) Outstanding Natural Landscapes maps, Volume 4;
 - (b) Coastal Natural Character maps, Volume 4;
 - (c) Appendix 2; and
 - (d) Other appeal points relevant to landscape and natural character.

Relief sought

- 6 Clearwater and Talley’s conditionally oppose the relief sought because it is inconsistent with the Act, the New Zealand Coastal Policy Statement 2010 (“NZCPS”), and regional coastal plans in other regions. Further, the relief sought is inconsistent with the requirement to plan strategically in NZCPS

policy 7, and with the requirement to provide for aquaculture in appropriate places in terms of NZCPS policy 8. Where relevant, the relief sought by the MFA and AQNZ in appeal ENV-2020-CHC-74, or by Talley’s and Clearwater in appeal ENV-2020-CHC-55 should be preferred.

7 Should the relief sought by the MFA and AQNZ in their appeal ENV-2020-CHC-74 (or by Talley’s and Clearwater in appeal ENV-2020-CHC-55) be granted, that may go some way to addressing Clearwater and Talley’s concerns in respect of this appeal.

8 Clearwater and Talley’s support the reasoning of EBCS in so far as they say:

(a) There is little or no difference between parts of the seascape of East Bay that are mapped as having very high natural character and those that are not; and

(b) That “the marine farms in East Bay do not detract from its ONFL.”

Dispute resolution

9 Clearwater and Talley’s agree to participate in mediation or other alternative dispute resolution of the proceedings.
